

## SECTION VI - HEALTH HAZARD DATA

---

### Health Hazards:

This product is a relatively innocuous substance and is not expected to cause harm. Mechanical irritation of the eyes, nose, and throat may occur if slitting, punching, or cutting this product. Suggest 10 mg/Cu.M for inert or nuisance particulate if debris is generated during slitting, etc.

### Emergency and First Aid procedures:

Eyes - Flush with water and call a physician.

## SECTION VII - PRECAUTIONS FOR SAFE HANDLING AND USE

---

### Precaution to be taken in handling and storing:

Wash thoroughly after handling and before eating or smoking. Eye protection is recommended if this is being slit, cut, or punched. Use adequate ventilation if nuisance particles are being generated.

### Waste Disposal Methods:

Comply with Federal, State, and Local regulations.

## SECTION VIII - CONTROL MEASURES

---

### Work/Hygienic Practices:

Wash hands with soap and water after handling this product. Good industrial hygiene practice requires that employee exposure be maintained below the recommended TLV. This preferably is achieved through the provisions of adequate ventilation where necessary. Where dust cannot be controlled in this way, personal respiratory protection should be employed.

### Other Precautions:

This MSDS is being supplied to comply with applicable Federal & State regulations, particularly OSHA Communications Standard 29 CFR 1910.1200. The information contained herein is based on scientific data which we believe to be dependable. However, since the conditions under which this information may be applied are beyond our control, we can assume no liability for results of its application. One or more of the ingredients contained herein may be a trade secret and not in the public domain. Pursuant to OSHA standards, specific chemical identity will be made available to health professionals in accordance with such OSHA guidelines relevant to medical emergency.
