Instructions Using Nobility™ Competition Gel Soak Off Formula

- 1 Clean hands with Nobility™ Gel Cleanser & Nail Prep Solution, then gently push back the cuticle.

- 2 File nails to desired shape.

- 3 Using a 180 grit Buffer, gently remove the shine and pterygium from the natural nail.

- 4 Remove excess dust using a nylon brush. Spray and wipe nails with Nobility™ Gel Cleanser & Nail Prep Solution.

- 5 Apply PrimeBond to natural nail.

- 6 Using the simple polish-on-method, apply a thin layer of Nobility™ Clear Gel to the entire nail. Avoid touching the cuticle and make sure to cap free-edge.

- 7 Cure under a 9watt UV light for 1 minute.

- 8 Apply a second thin layer and cure for 3 minutes.

- 9 Remove from UV light, spray and wipe nails with Nobility™ Gel Cleanser & Nail Prep Solution to remove tacky residue

- 10 Finish with a cuticle treatment using Nobility™ Vitamin Enriched Cuticle Oil.

Instructions for Removing Nobility™ Competition Gel Soak Off Formula

1. Remove polish if needed.

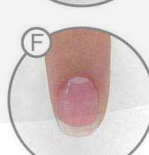

2. Using a 180 grit Buffer, gently remove the shine.

3. Then simply soak nails in the Nobility™ Competition Gel Soak Off Formula Remover.

4. Once product begins to break down, you may use a cuticle pusher to help remove product while nails remain in Nobility™ Competition Gel Soak Off Formula Remover.

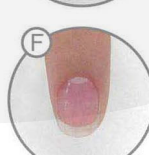

5. Finish with a cuticle treatment using Nobility™ Vitamin Enriched Cuticle Oil.

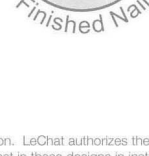

Helpful Hints

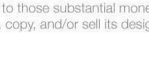

1. Be sure to apply Nobility Clear Gel in thin layers for best results.

2. When applying Nobility Clear Gel, make sure to cover the entire nail, side walls and cap free-edge.

3. After capping free-edge, brush straight from cuticle down to ensure a smooth finish before placing nails in the UV light.

4. For better adhesion, be sure to remove shine from entire nail focusing on the cuticle and side walls.

5. When removing product a 180 grit file can be used to remove the shine as well.

6. For best result, store Nobility™ Clear Gel at normal room temperature.
